

Additional funding from the government: NFU invites unions for cao talks

Date 5-11-2021

The cao-delegation of the NFU has invited the unions CNV, FBZ, FNV, LAD and NU'91 to a meeting to be held on Thursday, November 11, to discuss the cao for the umcs. On 23 September 2021, the Cabinet announced that it was making additional funding available in response to the SER advisory report ['Working for the Care Sector'](#).

The NFU assumes that all unions will want to contribute ideas about the distribution of the additional government funding on behalf of the umc employees. The aim is to realise together a good supplement to the cao-agreement.
