

All unions back the new Cao umc

Datum 16-12-2021

In the past weeks, the unions presented the Cao-agreement, which was finalized on 12 November 2021, to their members. The outcome of the consultations with the members of all the unions was positive. We are delighted with that result because it means that all of the unions involved have formally approved the new Cao umc. It takes effect on 1 January 2022.

The cao-agreement must now be translated into the complete Cao-texts. They should be available in February 2022. Certain Cao-agreements will also be elaborated further, like the generational policy.
